32. PHONE

33. MOBILE

34. EMAIL

## NOMINATOR

### NOMINATOR'S REFERENCE – TO BE COMPLETED BY THE NOMINATOR

**35.** Briefly outline the candidates research/academic achievements including the impact or potential impact of their research for those applicants who are at an early stage in their career and describe their standing relative to opportunity in their field. Include reference to the candidate's outreach activities and their impact. Highlight their achievements against the selection criteria and key publications, and include a separate full list of publications and research grants if relevant. Grant applications - where reference is made to grant applications specific details need to be provided concerning the role and responsibility of the applicant in securing the grant. (maximum 200 words)

**36.** How does the nominee display excellence in communication and community engagement to promote an understanding of science? In particular reference should be made to the impact of their communication engagements rather than a listing of activities. Outreach activities should demonstrate championing participation in STEM and enhancing scientific literacy in the community. See selection criteria for examples of non-academic science communication. (maximum 200 words)

## NOMINEE

### NOMINEE'S STATEMENT – TO BE COMPLETED BY THE NOMINEE

37. Briefly describe your research and its implications for society, as you would to a **community audience** i.e. high school students, your family/friends, the media. (maximum 200 words)

38. Outline your research for a **general scientific audience**. (maximum 200 words)

# NOMINATION FORM 2023 YOUNG TALL POPPY SCIENCE AWARDS

## NOMINEE

TO BE COMPLETED BY THE NOMINEE

**39.** Outline your **communications** and community **engagement activities**. Include a description of community outreach activities including the audiences and the impact of these activities that are additional to your normal workplace obligations. Outreach activities should demonstrate championing participation in STEM and enhancing scientific literacy in the community. (maximum 200 words)

Please attach a CV (maximum 4 pages) and send via a **separate email** to [tallpoppycampaign@gmail.com](mailto:tallpoppycampaign@gmail.com) **PLEASE USE NOMINEE SURNAME IN FILE NAME.**

Nominations should be emailed to [tallpoppycampaign@gmail.com](mailto:tallpoppycampaign@gmail.com), by the respective closing dates for each state/territory. By submitting this application the nominee accepts if awarded to: **a.** Engage in at least two AIPS voluntary outreach activities over 2023-24; and **b.** Register with the Australian Science Media centre as an expert in their field for potential media comment. **ALL nominations must be submitted via this email ONLY.**
